Board of Directors:

I am writing to express my interest in leasing a room at the recreation center for our extra-curricular high school Robotics program. This spring, Seaside Middle School made the decision to add a full-time art program to the middle school curriculum with the intent of starting the program in the fall of 2022. While we are excited about increased opportunities for our students, the unintended consequence is displacement of some of our other programs that serve students.

Currently, our Robotics program is housed in a "maker space" room. This "maker space" is the only suitable space to add an art classroom and there are no other other classrooms or areas available to relocate the Robotics program within our current building.

The Robotics team is an extracurricular activity for students that takes place after school hours. While we are seeking a lease for a 12 month period, the busy season for our Robotics program typically runs November through April. The current recreation space is attractive because of the large classrooms that are available to complete their build, access to a wide open space for practice (cafeteria), and we have the ability to easily transport students to the recreation center after school without having to run a special bus route to make the program accessible for students. Our robotics team is lead by one head coach, who is also a full-time employee of the district, and two assistant coaches. The team typically has 12-15 students actively participating.

I had an opportunity to meet with Director Archibald on Monday, May 9th to review a couple of classroom options in the building. I believe that we were able to locate a couple of classrooms that were suitable and would meet the needs of our program. We would be interested in relocating our equipment in July or August to ensure that our art teaching space was available for set up prior to the new school year beginning.

Thank you for your consideration in supporting this program and I look forward to continuing this discussion with you.

Regards,

Jeff Roberts

Re: Youth Program Benefit for Employees

Directors,

Thank you for your feedback and willingness to engage in dialogue regarding a potential addition to the official compensation for District employees for youth programs. Staff have worked on creating a policy for your review. We have also gathered information from other agencies who provide a similar benefit to employees. Lastly, this policy has been reviewed by the District's counsel- Eileen Eakins.

As a reminder, Oregon law allows public employees to receive discounts on services from their public employer if the discount is part of a formally approved "official compensation package" [ORS 244.040(2)]. Approval of the proposed policy would make it part of our employees' official compensation package, along with other employee benefits.

Name of Policy: Youth Program Benefit for SEPRD Employees

Introduction: The Sunset Empire Park & Recreation District has strong desire to recruit and retain the best workforce to help provide our important services to the community. As such, we work to provide compensation and a working environment that is attractive and enriching to individuals. Included in that is the compensation available to all employees, including this benefit.

The youth program benefit is designed to reduce barriers to employment and retention and provide employees of the District with access to youth programs of the District including preschool, after school zone and summer camp. The access could also include programs awaiting development such as infant and toddler care. The policy or benefit does not apply to other programs of the District included but not limited to: Swim Lessons, Special Events, Learn to Surf Camps and Start Smart Sports.

It is the hope of the District that through access to the youth programs of the District, employees will be more attracted to long-term employment with SEPRD and will be engaged, productive and happy employees.

Policy Details:

It is the policy of the District that the benefit applies to employees whose children or dependents meet the following criteria:

- Child/dependent resides in the same household all or part of the time
- Employee has legal guardianship of the child/dependent

There is no limit on the number of children that this policy could apply to at any given time, provided the criteria are met.

- The Youth Program Benefit is available to all District employees that meet the following criteria:
 - o Completed their initial onboarding and probation period of employment (typically 90 days)
 - Are working at least 20 hours per week
- Employees requesting the Youth Program Benefit will be evaluated based on the average amount of hours worked per week using the following scale:

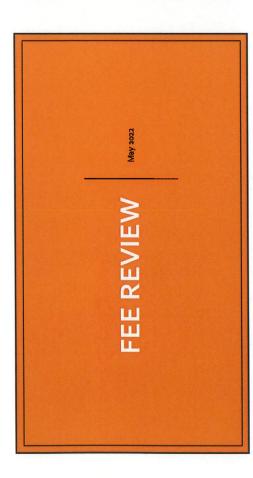

Amount of Hours Worked (Average)	Eligibility Status	Discount Available
0-20 Hours	Not Eligible	N/A
20-25 Hours	Eligible	30%
25-30 Hours	Eligible	40%
30-40 Hours	Eligible	50%

- The Youth Program Benefit is only available to employees when:
 - The employee is in good standing with the District
 - o The requested program has space for the dependent (program space for employees' dependents.
 - o Registration for the program will occur simultaneously for both patrons and employees.
 - o Program slots filled by children/dependents of employees will not exceed 50% for the maximum capacity of that program. For example, if there are 50 slots in the after-school program, no more than 25 of those slots can be filled by children/dependents of employees.
- If an employee separates from employment with the District (either at the choosing of the employee or the District) the benefit will no longer be valid. The dependent may continue in the program enrolled but will do so at the regular rate.

I look forward to hearing your perspectives on this and hopefully moving forward. Sincerely.

Last fee review was completed in 2017.

Aligned the difference (rate) for in-district and out-of-district at or mear 50%

Acknowledgement of previous mistake in calculation

Fee proposal was brought to the Board in both 2018 and 2019, but members chose not to move forward with a review at that time

Ensure that the District remains financially stable despite economic conditions—keep pace with increases in operational overhead costs, i.e. Natural Gas, Electricity, Water, Personnel, etc.

Minimum wage has increased from 10.25 in 2017 to 13.50 in 2022

Summary and Considerations

By and large, SEPRD programs and access cost less than counterparts in other agencies throughout the state • Other districts may utilize an "out-of-district rate" with rates similar or in some cases lower than SEPRD

*based on average assessed value is s283,900 x SEPRD permanent tax rate of .9280= average annual tax is \$263.46 (263.46/12=22.95/nonth) The average District resident pays \$21.95 monthly in taxes to SEPRD

Based on that calculation it's clear that our District residents provide a significant portion of our operating budget

Those Districts may not have the out-of-district usership dynamic of SEPRD

Re: SDAO Board Training for Directors

Directors.

As you may know, the District contracts with SDAO to provide support and training on an abundance of resources and topics. SDAO is offering a discount on insurance services for Districts that comply with a set of requirements that, this year, are aimed at improving policy and education for Directors.

The only areas where the District is seeking compliance are the following:

- SDAO Board Leadership Academy (2 members of the Board enrolled) (https://www.sdao.com/sdao-board-leadership-academy)
 - The Board Leadership Academy has a curriculum based course developed by SDAO and includes information on: Public Meetings, Local Budgeting, Risk Management and Human Resources.
 - o Participants have three years to complete requirements for the bronze-level certificate and can further advance to the silver or gold levels with additional training.
 - SDAO is making additional training opportunities available for both in-person and online. I anticipate that the SDAO will also offer training opportunities at the 2023 Conference, to be held February 9-13 in Sunriver (https://www.sdao.com/annualconference).
- SDAO Board Training (All Board Members must complete)
 - o Completion means participation in one of the following:
 - SDAO Board of Directors and Management Staff Regional Training
 - August (Cottage Grove, Newport, Salem) (https://www.sdao.com/sdao-board-of-directors-and-managementstaff-training-series)
 - Board Duties and Responsibilities Pre-Conference Training

The work needs to be completed by the end of the calendar year. Please let me know how staff can support the Board in these efforts. As always, we thank you for your time and volunteerism.

Sincerely,

Skyler Archibald | Executive Director | Sunset Empire Park & Recreation District

Re: District Goals for 2022 (Updated, May, 5th of 12 months, 42% of year completed)

Directors,

As shared previously with you, the below list of eight goals for 2022 represents our hopes and aspirations for completion during the rest of the calendar year. We have gotten a head start on some while others will be challenging and involve support from Board members.

This is the second month since the Board's approval of the goals that I'll be updating them on the work of the staff.

District Goals for 2022

- 1. Obtain full occupancy for the Sunset Recreation Center and begin the process of utilizing the building spaces, providing more recreation and community space.
 - Goal: Begun work, hope to complete by June 30.
 - Current Status: After meeting with Klosh Group and SEA Architect Brandon, a great plan was developed. Brandon met with City of Seaside Building Officials and Life Safety personnel and the plan was well accepted. Unofficial documents are included as an attachment to this document and we believe that we are on track for occupancy to be followed by some improvements to the building for safety and efficiency.
- 2. Hire a grantwriter position to fundraise for phased improvements at the Sunset Recreation Center, in coordination with the Sunset Park & Rec Foundation. Utilize the position to develop a strategy aimed to increase programming and capacity at the SRC.
 - Goal: Hiring of the position in April
 - Current Status: Hired Tonya Raines, meeting weekly with her and we are well underway. Tonya has extensive experience and is working to gain project knowledge while actively seeking opportunities.
- 3. Create a timeline for an overarching strategic plan for the entire District and begin that process with an established scope of work, deliverables and a RFP (request for proposal)
 - Goal: Not yet begun. Look to begin process in August/September

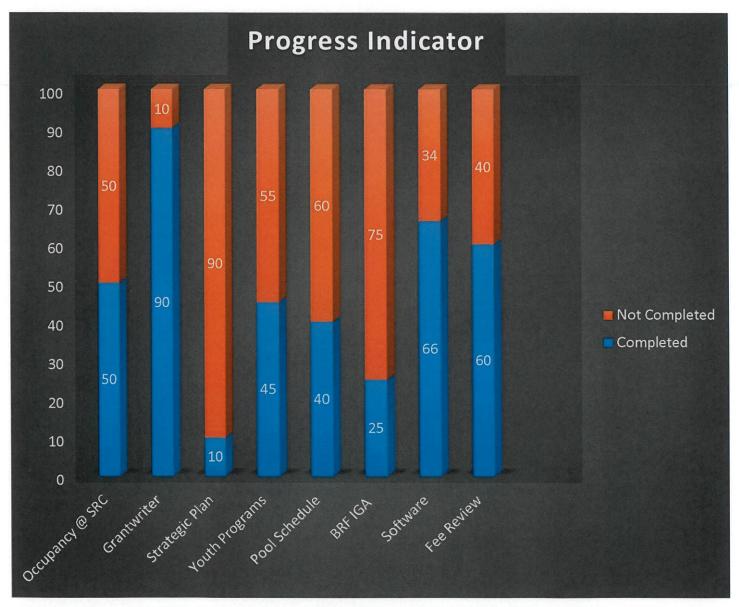

- Current Status: N/A
- 4. Expand the District's youth programs to provide more space for preschool and afterschool programs as well as the development of toddler and infant care programs.
 - Goal: September 2022
 - Current Status: Obtained significant grant with more promising news to come. Once grants are confirmed, staffing capacity and infrastructure to be improved to ensure that we are prepared for expansion.
- 5. Return the Sunset Pool to its pre-pandemic programmatic offering including expansion of hours to provide weekend opportunities, expansion of swim lessons and open swim opportunities and the installation of the new aquatic features, the Zipline and Climbing Wall.
 - GOAL: Expand to weekend hours in Spring quarter and aquatic features installed prior to Summer programming beginning.
 - Current Status: Still working to find weekend maintenance staff and working with the OHA for clearance to proceed with new elements. Still hopeful for a return during spring quarter (next 5 weeks).
- Edit or recreate the IGA between the City, SSD and SEPRD regarding Broadway Field.
 - GOAL: Hope to engage partners in late summer/early fall 2022.
 - Current Status: Awaiting survey results which will impact the Softball field before we move forward. We know we need additional support and we are hoping to continue our partnership.
- 7. Fully implement the entire package of new operational software including financial software, Executime, Tyler Parks,...
 - GOAL: Accounting software and Executime are fully implemented with goal of having Tyler Parks ready by May.

Current Status: Budget work has delayed implementation of Tyler Parks software but recent work has been completed and hopeful to have migration of data and implementation over the next 4-6 weeks.

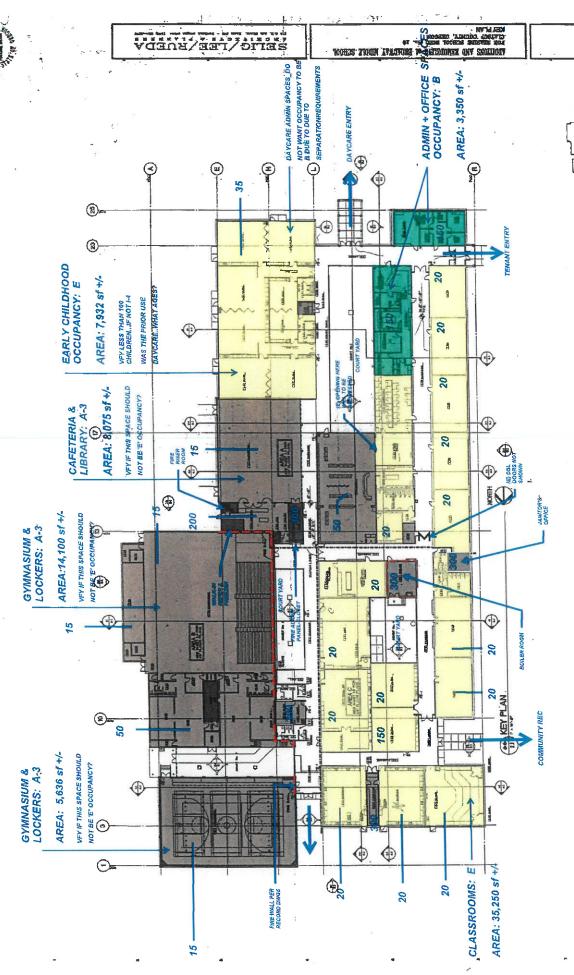

8. Conduct a fee review and implement the information learned from the 110% Cost Recovery process

- GOAL: Assessed current fees, worked with staff and Board and shared proposal to Board in May.
- Current Status: TBD.
